Unit 8 — Music and Belonging

Track E · Klasse 8 · Niveau E

Learning objectives I

- *I can describe a piece of music in 5 sentences (genre, mood, instruments, association).*
- *I can use modals of possibility (*might / could / may / must*).*
- *I can hold a 90-second conversation about a song.*

Lead-in I

Hawa is preparing a class playlist. The rule: each song must mean *belonging* in some way. Jonas chose an Icelandic instrumental that sounds like wind. Hawa chose a Yoruba song her grandmother sings. Mr. Ade, uninvited, contributed a 1980s German pop song that no one had asked for. He smiled. ”Belonging,” he said, ”is sometimes a guilty pleasure.”

Reading I

Vocabulary — music
genre, beat, rhythm, lyrics, melody, harmony, verse, chorus, bridge, solo, instrumental, acoustic, electric, bass, drums, percussion, vocals, hook, fade out.

Grammar — modals of possibility
might / may / could — possible: *This might be a Bollywood film score. must* — strongly likely: *That **must** be your grandmother's voice. can't* — strongly unlikely: *That **can't** be live — it's too clean.*

Practise I

Niveau E — controlled

1. Choose: *might / must / can't*: That voice _____ be Mariah Carey. The track _____ _ be by Adele — it sounds different. The drum _____ be a real drum.
2. Match: instrumental → no vocals; chorus → repeated section. (T / F)

Niveau E — productive

3. Build 4 sentences about a track using each modal (might / could / must / can't).

Your turn I

Pair speaking — *One Song That Means Home*. 90 sec each. Cover: title (or theme), genre, instrument, association, why it means belonging. Use 1 modal of possibility.

Sample

— My song is in Yoruba — my grandmother sings it. It must be at least fifty years old. There's a small drum and her voice. It might mean nothing to anyone else, but for me it is the sound of Sunday afternoons.
