Unit 11 — Klausur: Comprehension and Analysis

Track E · Klasse 12 · Niveau E (Basisfach / Leistungsfach)

Learning objectives I

- *I can answer a Klausur Comprehension section (~24 BE) on a literary or journalistic source under timed conditions.*
- *I can write a Klausur Analysis section (~18 BE) with sustained close reading and integrated quotation.*
- *I can deploy time-management discipline across the two sections.*

Lead-in I

This Unit is the first of two dedicated Klausur-prep Units in Klasse 12. Today's focus: Comprehension + Analysis, the two sections most reliant on close reading. Mr. Yilmaz set the source — a 1,000-word extract from a 2026 *New Yorker* essay on attention economies — and gave the class 90 minutes.

Reading I

Comprehension section — pattern
Typical Comprehension question types:

1. *State / outline* — gives you the question; you answer in your own words with one or two specifics.
2. *Explain* — needs *because* / *the reason is that* + a specific from the text.
3. *Compare / contrast* — needs both elements named + the relation.

Reading II

Sprache check: answer in your own words, preserving named specifics from the text. Don't quote whole sentences; embed fragments.

Analysis section — pattern
Typical Analysis question types:

1. *Analyse the writer's stance / argumentative strategy.* — needs 3+ specific moves + an integrated quote per move.
2. *Analyse the language / register / structural features.* — needs technical vocabulary + close reading.

Reading III

Sprache check: integrated quotation, academic register, no plot summary.

Practise I

Niveau E — controlled

1. Match: *outline* → state in own words; *explain* → give reason; *analyse* → identify and discuss moves.
2. T or F: *outline* allows quoting full sentences; *analyse* requires integrated quotation; *compare* needs both elements named.

Niveau E — productive

Practise II

3. Build a 4-sentence Analysis answer on the writer's stance using 2 integrated quotes + 2 academic discourse markers.

Your turn I

Klausur sections, timed. 90 minutes total. 30 min Comprehension (24 BE) + 50 min Analysis (18 BE) + 10 min review. Submit. Class debriefs collectively with focus on time and integrated quotation.
