Unit 11 — Public Speaking: A Short Talk

Track G+M · Klasse 8 · Niveau G/M

Learning objectives I

- *I can deliver a 2-minute monologue with three movements (hook, body, close).*
- *I can use signposting phrases for spoken English.*
- *I can listen to a peer's talk and give one specific piece of feedback.*

Lead-in I

Hawa is preparing a talk. The rule: two minutes, no slides, one object you bring with you. Hawa is bringing a small green spoon. Jonas is bringing a single cloud photo printed on paper. Mr. Ade is bringing a calmly worried face, which he has done before.

Reading I

Structure — three movements

1. **Hook** (15 sec): a question, a small object, a strong sentence.
2. **Body** (90 sec): three short points, each with one specific example.
3. **Close** (15 sec): a sentence the audience can carry out of the room.

Signposts for spoken English
Today I'd like to talk about … / Let me start with … / Firstly … Secondly … Lastly … / What this means is … / In short … / So, that's why I … / Thank you for listening.

Practise I

Niveau G

1. Match: hook → grab attention; body → make 3 points; close → leave one idea.
2. Choose a hook for *the importance of break time*: a question / a single object / a strong sentence.

Niveau M

3. Draft the bullets for your own 2-minute talk on a topic of your choice.

Your turn I

Class talks. Each student delivers a 2-minute monologue with the three movements + one object. After every talk, one classmate gives feedback in one English sentence using *I noticed that … / What worked was … / One thing you could try is …*

Sample

This small green spoon belongs to my grandmother. She has stirred more meals with it than I have eaten in my life. Today I want to talk about three things small objects can do that big speeches cannot. Firstly, they remember things we forget. Secondly, they fit in pockets — they travel with us. Lastly, they are honest — a worn handle is a kind of biography. Thank you for listening.
