

Unit 3 — Media in Our Lives

Track E • Klasse 7 • Niveau E

Learning objectives

- *I can listen to a short classroom dialogue about screen time and pick out what someone changed and what happened.*
- *I can describe a media habit using the present perfect with for / since.*
- *I can write a short text proposing a one-week change to my media habits.*

Lead-in

Aisha put her phone in a drawer for one week. The first evening felt like a small earthquake. The kitchen was suddenly very loud: the fridge, the cat, her brother chewing carrots. By Wednesday it was quiet again, in a different way — the kind of quiet you choose, not the kind you escape. She read aloud to her cat, because the cat did not check her grammar. Ben said, "I could not do that," and Aisha said, "I almost couldn't either."

Vocabulary

- screen time
- notification
- feed
- message
- stream
- story
- news

Key points

- When you tell someone what another person asked, use:
