

Unit 11 — Klausur: Comprehension and Analysis

Track E • Klasse 12 • Niveau E (Basisfach / Leistungsfach)

Learning objectives

- *I can answer a Klausur Comprehension section (~24 BE) on a literary or journalistic source under timed conditions.*
- *I can write a Klausur Analysis section (~18 BE) with sustained close reading and integrated quotation.*
- *I can deploy time-management discipline across the two sections.*

Lead-in

This Unit is the first of two dedicated Klausur-prep Units in Klasse 12. Today's focus: Comprehension + Analysis, the two sections most reliant on close reading. Mr. Yilmaz set the source — a 1,000-word extract from a 2026 *New Yorker* essay on attention economies — and gave the class 90 minutes.

Key points

- Typical Comprehension question types:
- **Sprache check:** answer in your own words, preserving named specifics from the text. Don't quote whole sentences; embed fragments.
- Typical Analysis question types:
- **Sprache check:** integrated quotation, academic register, no plot summary.

Practise

- Match: *outline* → state in own words; *explain* → give reason; *analyse* → identify and discuss moves.
- T or F: *outline* allows quoting full sentences; *analyse* requires integrated quotation; *compare* needs both elements named.
- Build a 4-sentence Analysis answer on the writer's stance using 2 integrated quotes + 2 academic discourse markers.

Your turn

Klausur sections, timed. 90 minutes total. 30 min Comprehension (24 BE) + 50 min Analysis (18 BE) + 10 min review. Submit. Class debriefs collectively with focus on time and integrated quotation.

Reflect

- I can answer a Comprehension section under timed conditions.
- I can write an Analysis section with sustained close reading.
- I can deploy time-management discipline across the two sections.
