

Unit 6 — Writing an Opinion

Track G+M • Klasse 8 • Niveau G/M

Niveau G+M

1. Reading

Read the text, then answer in full sentences.

In my view, pupils should help choose at least one of the books we read each year. Firstly, when students are part of the choice, they are more likely to actually read the book. Secondly, the school benefits because more voices are involved. On the other hand, teachers know the curriculum better than students do, and that knowledge matters. In conclusion, a small say — perhaps one book in three — would be a fair compromise.

2. Practise

1. Match: claim — c, reason — r, counter — co, conclusion — cn. Label each sentence in the model text.
2. Choose the right signpost: (*disagreement*) → ___; (*adding a second reason*) → ___; (*closing*) → ___.
3. Build a 4-sentence mini-opinion on: *Should we have a longer break?*

3. Write

Opinion paragraph, 120 words. Choose: *Should school start later? Should pupils choose one book a year? Should school clubs be free?* Use the four-move structure and three signposts.

Lösungen G. 1. open (most students should help choose = c; *Firstly / Secondly* = r; *On the other hand* = co; *In conclusion* = cn).

2. *On the contrary / However / Secondly / Finally / In conclusion*.

M. 3. Open.

T1. school should start later, biological clocks, parents leave for work, 30 min later start.

T2. pupils should help choose at least one book, more likely to read + more voices involved, teachers know curriculum better, small say (1 in 3) would be fair.

T3. In my view / However / In conclusion / Secondly.

T4. Open.
