Unit 9 — Body and Health

Track E · Klasse 6 · Niveau E

Learning objectives I

- *I can name 14 body parts and 8 common illnesses.*
- *I can describe symptoms in 4 sentences using have got* + adjectives.
- *I can hold an 8-line doctor-patient role-play.*

Lead-in I

Sam wakes up with a sore throat. He drinks tea, eats honey, refuses to admit defeat, and goes to school. By the second period, he has a strong opinion about the value of staying home. By the fourth period, his classmates have made it clear that they share his opinion. Strongly.

Reading I

Vocabulary — body and illness
Body: head, hair, eye, ear, nose, mouth, tongue, neck, shoulder, arm, elbow, hand, finger, chest, stomach, back, leg, knee, ankle, foot, toe. *Illness:* cold, cough, flu, sore throat, headache, stomachache, earache, fever, runny nose, dizziness, rash, allergy.

Grammar — *have got + I'm + adjective*

- *I have got a sore throat. / I've got a cold.*
- *I'm tired. I'm hot. I'm dizzy. I'm exhausted.*

Reading II

- *Where does it hurt? — It hurts here.*

Doctor-patient phrases

- *What's the matter? / I don't feel well.*
- *Let me have a look.*
- *Take this medicine three times a day.*
- *Stay in bed. Drink lots of water.*

Practise I

Niveau E — controlled

1. Match body part to image (slide).
2. Build: *I / cold* → ___ ; *I / sore throat* → ___ ; *I / fever* → ___ .

Niveau E — productive

3. Doctor-patient mini-dialogue: build 8 lines.

Your turn I

Doctor-patient role-play (Niveau E). In pairs, two minutes. Patient: 4+ symptoms with details. Doctor: 3 questions, 1 piece of advice. Swap.

Sample
— What's the matter? — I have a sore throat and a slight fever. My head hurts and I feel a bit dizzy. — How long? — Since yesterday morning. — Take this medicine three times a day. Drink lots of water and stay home tomorrow.
