Sample

Hi Jordan, here’s the gist of that German article. It says that teenagers who keep their phones next to the bed sleep about 30 minutes less on average than those who don’t. Experts recommend charging the phone outside the bedroom. Parents are advised to set the example. The article also points out that this is not about willpower — it’s about how the brain reacts to screens at night.

5. Further reading / listening

- Goethe-Institut — Beispiel-Aufgaben language mediation (Sprachmittlung) Englisch (Sek I).
- Landesbildungsserver BW — mediation (”Mediation”)-Beispielaufgaben.
